

COURSE OUTCOMES

At the end of the teaching curriculum our objective would be to have the following outcomes:-

- To create a best possible physiotherapist who shall lead to serve & heal in a variety of healthcare and social settings to provide best quality of life to an individual.
- To graduate knowledgeable, service-oriented, self-assured, adaptable, reflective practitioners who, by virtue of critical and integrative thinking along with clinical reasoning, lifelong learning, and ethical values, render independent judgments concerning patient /person.
- The management plan by the therapist would be evidence based, to promote the health of the individual.
- enhance the professional, contextual, and collaborative foundations for physiotherapy practice
- The designed curriculum will prepare the entry-to-practice physiotherapist (PT), to be an autonomous, effective, safe and compassionate professional, who practices collaboratively in a variety of healthcare set ups such as neonatal to geriatric, from critical care to community fitness to sports training and is responsive to the current and future needs of the health care system.
